EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Naomi Biswas on 19 March 2004.

The application has been amended as follows:

Please cancel withdrawn claims 5, 43-44, 46-47, 49-55, 57-60, without prejudice.

Please cancel claim 61.

Claims 1-3, 7, 12, and 18 are pending and allowed. They are renumbered 1-3, 5-6, and 4, respectively.

The following is an examiner's statement of reasons for allowance: the prior art of record teaches leptin molecules and fragments of leptin which have biological activity. However, the prior art neither anticipates or makes obvious the specific fragments of leptin, which have particular biological activities, which are being claimed. Therefore, the claims are free of the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christine J. Saoud whose telephone number is 571-272-0891. The examiner can normally be reached on mttr, 8:00-2:00.
